INVITATION TO TENDER

PROCURING ENTITY: KENYA PLANT HEALTH INSPECTORATE SERVICE (KEPHIS)

CONTRACT NAME AND DESCRIPTION: NEW KEPHIS LOGO DESIGN COMPETITION

Kenya Plant Health Inspectorate Service (KEPHIS) is a State Corporation established by an Act of Parliament (Kenya Plant Health Inspectorate Service Act 2012) with the mandate to protect Kenya's agriculture through quality assurance and certification services.

The Corporation does this through three focus areas: seed certification and protection of plant varieties, phytosanitary (or plant health) services and analyses of agricultural inputs and produce through globally accredited laboratories.

The current strategic plan requires that KEPHIS acquires a new corporate identity. This includes change in the graphical representation of the Corporation, i.e. the logo, review of the tagline (Protecting Kenya's Agriculture) as well as reviewing and adopting new corporate colours (currently the colours are green, orange, black and white). The logo also has a conical flask, maize stalk, a rose flower and a dead weevil. The KEPHIS logo was developed at the inception of the Corporation in 1997; it is a simple logo that has served the Corporation well over the years in representing the mandate of KEPHIS. However, technological advancements, evolving mandates of the Corporation, global trends of visual appeal and perception by audiences call for a new corporate identity. Whereas the core mandates have not changed, other key services have emerged such as nursery certification, food safety, expanded trade with other countries, increased awareness of KEPHIS activities through field days and road shows; print, electronic and social media awareness, increased collaboration with local and international stakeholders as well as women, youth and persons with disabilities. KEPHIS has also made heavy investments in technology such as the Import Certification System for the import of plants and plant materials, the Export Certification System for the export of plants and plant materials, the seed certification and plant variety protection system, amongst others. This has enabled us to serve our clients more effectively thus enabling the ease of doing business. We therefore feel that our current logo is not representative of our current mandates. KEPHIS therefore requires the contribution of creative Kenyan artists and designers to assist in coming up with a logo through a competition. The logo is intended to strengthen the brand quality of the agency by providing a unique, strong and consistent image in the minds of all our stakeholders.

of the Tenderer in regards to the Tenderer's ability to perform the Contract for the offered Tender Price.

- 36.2 In the event of identification of a potentially Abnormally Low Tender, the Procuring Entity shall seek written clarifications from the Tenderer, including detailed price analyses of its Tender price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the Tender document.

- 36.5 In case of an abnormally high price, the Procuring Entity shall make a survey of the market prices, check if the estimated cost of the contract is correct and review the Tender Documents to check if the specifications, scope of work and conditions of contract are contributory to the abnormally high tenders. The Procuring Entity may also seek written clarification from the tenderer on the reason for the high tender price. The Procuring Entity shall proceed as follows:
- i) If the tender price is abnormally high based on wrong estimated cost of the contract, the Procuring Entity may accept or not accept the tender depending on the Procuring Entity's budget considerations.

37 Unbalanced and/or Front-Loaded Tenders

- 37.1 If in the Procuring Entity's opinion, the Tender that is evaluated as the lowest evaluated price is seriously unbalanced and/or front loaded, the Procuring Entity may require the Tenderer to provide written clarifications. Clarifications may include detailed price analyses to demonstrate the consistency of the tender prices with the scope of works, proposed methodology, schedule and any other requirements of the Tender document.
- 37.2 After the evaluation of the information and detailed price analyses presented by the Tenderer, the Procuring Entity may as appropriate:

- a) Accept the Tender; or

- d) Reject the Tender.

- 38.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the Tenderer, pursuant to ITT 18. The determination shall not take into consideration the qualifications of other firms such as the Tenderer's subsidiaries, parent entities, affiliates, subcontractors or any other firm(s) different from the Tenderer that submitted the Tender.
- 38.3 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the Tender, in which event the Procuring Entity shall proceed to the Tenderer who offers a substantially responsive Tender with the next lowest evaluated cost to make a similar determination of that Tenderer's qualifications to perform satisfactorily.

39 Procuring Entity's Right to Accept Any Tender, and to Reject Any or All Tenders
